The Caseiment

CONCLUDE

The Tiffany Mark round caseiment has the classic components: hands, hour ring, case body, movement ring, and caseback.

Each of the rings is hand assembled with Swiss precision to create a component of great balance and style. Each time the rings are joined, a watch of great complexity and absolute integrity. Shows the exterior of the round Tiffany Mark Automatic Mechanical in 18k gold.

Tiffany Mark Tourbillon

PROFIT SIDE BACK SPACES

This extraordinary watch is testimony to the genius of the watchmaker's art. The Tiffany Mark Tourbillon masterfully integrates the art of watchmaking with the precision of modern technology. The mechanical movement is based on a single movement, the movement of each watch. This movement will be seen by only a handful of watchmakers in the world.

Available in 18k gold or stainless steel on an elegant strap in large size only.
